INFORMATION FOR ORDERING ACTIVITES

Delivery Order Information

All orders placed under this contract should be issued as follows.

Canon USA, Inc.
Federal Identification Number: 13-2561772

Dun & Bradstreet Number: 116194192

Cage Code: 4J871

Remit To: See page 5 for instructions.

Ordering Address: CANON U.S.A., INC.
4100 N. Fairfax Drive, Suite 200
Arlington, VA 22203

Fax: (703) 807-3819

E-Mail: FGSD_Government_Orders@cusa.canon.com

Phone: (800) 323-9170

Orders placed directly at a dealer location (without official authorization from Canon USA, Inc.) are OPEN MARKET and as such, the GSA contract number MAY NOT be used. To place an order through one of the Canon authorized dealers, please refer to the Canon website at:
https://www.usa.canon.com/internet/portal/us/home/contactus/where-to-buy/

No deviation from the terms (pricing, discount, warranty, etc.) specified in this schedule is authorized without Canon's Federal Sales Division approval. Any prices or terms other than as stated herein are OPEN MARKET and the GSA Contract number MAY NOT be used unless previously authorized.

Purchase Orders
All purchase orders should state the Contract Number GS-03F-046DA. For selected lease plans, Canon USA, Inc. may partner with a third party financial institution wherein specific ordering instructions will be provided by Canon.

Purchases Using the U.S. Government Credit Card
Use of the government credit card provides numerous benefits. According to GSA, "The benefits of the program include savings of $53.77 per transaction over traditional paper based procurement methods; improved cash management and streamlined payment processes; timely and extensive management reports which enable federal agencies to monitor small purchases, determine trends in card use and better manage program budgets."

INFORMATION FOR ORDERING ACTIVITIES-CONTINUED

Purchases Using the U.S. Government Credit Card-Continued
The Government Credit Card (Visa/MC/AMEX) is accepted for transaction amounts above or below the micro purchase threshold.

All credit card forms must include the cardholder's name, card number, expiration date, phone, email and signature is required.

Credit Cards are accepted by Canon U.S.A. Inc. for Purchase and Maintenance transaction types for one-time and/or repetitive charges for equipment, services and supply product types. Credit Cards are accepted for payment of all open invoices.

Maintenance Purchases Using the U.S. Government Credit Card
Maintenance transactions should establish a line item to itemize the monthly base charge separate from the excess copy charge. Monthly base charges must be funded for the period stated. If excess copy charges apply, the copy rate should be stated, however funding for overages is not required. Overages will be charged based on actual usage. All maintenance charges are invoiced in arrears.

NEW ORDERS
All purchase orders should state contract number GS-03F-046DA.

Unless prohibited by agency regulations or policies, it is desired that Lease and Maintenance period of performance dates are written beginning the 1st day of the installation month to September 30th of the current fiscal year.

Prorated lease billing is not available. Therefore, the period of performance for base year and option year lease charges are invoiced as a fixed stream of payments through end of term. To determine the lease effective date, the "anticipated" installation date should be considered as follows:

- If copier/MFD device is delivered day 1 - 15; commence base year period of performance on the first day of current month.
- If copier/MFD device is delivered day 16 - 31; commence base year period of performance on the first day of next month.

For example, should the device on the award install no later than 3/15/2020, the base year would commence 3/1/2020- first invoice would generate 4/1/2020 with the first payment date of 5/1/2020. However, should it install anytime between 3/16/2020 and 4/15/2020, the base year would commence 4/1/2020. The first invoice will generate 5/1/2020, with the first payment date of 6/1/2020.

INFORMATION FOR ORDERING ACTIVITIES-CONTINUED

Maintenance orders should properly describe the plan. Copies included volume, monthly base and overage cost-per-copy rate.

Each purchase order should be written to establish a separate line item to itemize the monthly base charge from estimated copy volume. All line items for base and estimated overage copy charges must have sufficient funds allocated. Cost-per-Copy should state the overage rate within the description.

Copies Included Maintenance:
For each model, please establish (a) CLIN for the fixed monthly base charge and (b) CLIN for the cost-per-copy overage charge. Below, is a sample of how the delivery/task order can be written:

Maintenance Service For image RUNNER ADVANCE 6275					
CLIN	**Description**	**Qty.**	**Unit**	**Unit Price**	**Extended Price**
0001	Monthly Base Cost for 20,000 copies at .004 per copy	12	EA	$80.00	$960.00
0002	Overage Charge per copy at .004 per copy	1	LOT	.004	$100.00
The government will add funds for any amounts exceeding the planned usage per GSA terms under SIN 51-57 item eight (8). Obligation of Maintenance Funds					

•"LOT" is the preferred unit of measure for all overage charges.
•It is strongly recommended that an initial supply of toner be purchased to cover the first few months' usage.
•All Maintenance charges will be invoiced in arrears.

Lease Transaction for LTOP and/or PVL - Termination Ceiling Charge (aka TCC) for Early Termination
Equipment leased under this agreement may be terminated at any time during a Government fiscal year by the Ordering Agency's Contracting Office responsible for the delivery order in accordance with FAR 52.212-4, paragraph (l) Termination for the Government's Convenience. The Termination Ceiling is a limit on the amount that Canon USA may claim from the Ordering Agency on the termination for convenience of a lease or failure to renew a lease prior to the end of the lease term for reasons other than those set forth in section 14, Termination for non-appropriation. Termination ceiling charges will apply for each year of the lease term (See FAR 17.1). The Ordering Agency and Canon USA shall establish a termination ceiling amount. The Contracting Officer shall insert the agreed upon amount of the first year in the order and modify it for successive years upon availability of funds.

Therefore, the Termination Ceiling Charge (TCC) must be stated within the order. The TCC is the same figure as the Total Purchase Price, or Net Total Purchase Price should a trade- in be applied. Only the TCC Statement must be written on the order. Appropriation of funds is not required. If you would like to request an amortization schedule for your lease transaction, please contact your Canon Account Executive.

INFORMATION FOR ORDERING ACTIVITIES-CONTINUED

RENEWAL ORDERS – LEASE and/or MAINTENANCE

•All renewal orders should state the Contract No. GS-03F-046DA
•All renewal orders should reference the previous fiscal year's purchase order number
•Lease and Maintenance renewal purchase orders must include the serial number(s) of all equipment
•Unless prohibited by agency regulations or policies, it is desired that lease and maintenance purchase orders be written for the following period: October 1 to September 30 of the current fiscal year
•All purchase orders must reference the period of performance
•Lease and Maintenance renewal purchase orders must reference the plan being renewed (e.g. LTOP, PVL, etc.)

Maintenance orders should properly describe the plan. Copies included volume, monthly base and overage cost-per-copy rate.

Each purchase order should be written to establish a separate line item to itemize the monthly base charge from estimated copy volume. All line items for base and estimated overage copy charges must have sufficient funds allocated. Cost-per-Copy should state the overage rate within the description.

INVOICING
All invoices will be issued by CANON U.S.A., INC. and/or Canon Financial Services, Inc.

PAYMENT
Payment shall be made payable to "Canon U.S.A., INC." (Or its authorized third party) or Canon Financial Services, Inc. and no other name shall appear for payment. If a copy of the invoice cannot accompany the payment, the remittance information should contain the invoice number, date, amount and an explanation if the payment is not exactly as shown on the invoice. Credit Cards are accepted for payment of all open invoices. Canon may utilize third party financing for Lease Payments.

Government Credit Cards are accepted by Canon USA, Inc. and Canon Financial Services, Inc. for payment of open invoices.

INFORMATION FOR ORDERING ACTIVITIES-CONTINUED

All ordering documents must include the appropriate payment address information. Payment must be made to the "Remit To" address indicated OR the "Remit To" address indicated on the invoice. All payments are to be made to Canon USA, Inc. and/or Canon Financial Services, Inc. based upon transaction type as shown below.

1b. **Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply.**

SIN #	**Model**	**Price**
SIN 518210ERM, 532420LT	P-208II	$150

1c. **If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item.**

Refer to the Product Pricing Pages for applicable hourly rates.

2. Maximum Order

$1,00,000 for SIN 541611MPS. All other SINs, the Maximum order is $350,000

If you wish a price quote for quantities in excess of the maximum order, please call (703) 807-3100.

3. Minimum Order

The minimum Supply Order is $100.00. Any order for less than $100.00 will be accepted if the order provides for a Handling Charge of $10.00. If a Handling Charge is not authorized, the order will be returned.

CUSTOMER INFORMATION-CONTINUED

4. Geographic Coverage

The Contract Delivery area is defined as the 48 Contiguous States, District of Columbia (DC), Alaska, Hawaii, Guam and Puerto Rico. Canon may provide Foreign Service if readily accessible to Canon's Service Points. Canon reserves the right to return orders for areas, which are remote or not readily or adequately serviced within the 48 Contiguous States, D.C., Alaska, Hawaii, Guam and Puerto Rico.

5. Points of Production

The items offered in this contract are an eligible product from a country under the Trade Agreements Act of 1979, unless otherwise noted.

In accordance with the Trade Agreements Act, Public Law 96-39; Executive Order 12260 dated 12/31/80 and Federal Procurement Regulation, Temporary Regulation 57, the application of the Buy American Act and its evaluation penalties are waived on the purchase of Canon copiers.

6. Statement of Net Pricing

All prices herein are net (discounts deducted).

7. Quantity Discounts

Quantity discounts are based upon a single order for the quantity indicated. Items cannot be combined to achieve quantity discounts. Level II quantity discounts apply to 11 or more of the same item on a single purchase order. For example, if a purchase order lists 11 imageRUNNER ADVANCE units and 5 Finisher accessories, the Level II discount applies to the imageRUNNER ADVANCE units and the Level I discount applies to the Finisher accessories.

8. Prompt payment terms

In accordance with the Prompt Payment Act, Canon U.S.A., Inc. has the authority to assess Federal Government Agencies' interest charges on invoices which remain unpaid thirty (30) days after their receipt of a proper invoice.

9a. Notification that Government purchase cards are accepted at or below the micro-purchase threshold.

9b. Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold.

Government Credit Cards (Visa/MC/AMEX) are accepted for transaction amounts above or below the micro purchase threshold.

CUSTOMER INFORMATION-CONTINUED

10. Foreign Items

Refer to Item 5

Note: In accordance with the Trade Agreements Act, the application of the Buy American Act and its evaluation penalties are waived on the purchase of Canon copiers under this contract.

11a. Time of delivery

All Canon Equipment and Accessories will be delivered from 1 to 60 days after receipt of valid order. For orders received electronically via GSA Advantage, Canon offers 1-45 days after receipt of valid order.

11b. Expedited delivery

Items available for expedited delivery will be determined on a case-by-case basis.

11c. Overnight and 2-day delivery

Overnight and 2-day delivery will be determined on a case-by-case basis.

11d. Urgent Requirements

When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering agency, agencies are encouraged, if time permits, to contact the Canon for the purpose of obtaining accelerated delivery. Canon shall reply to the inquiry within 3 workdays after receipt (telephone replies shall be confirmed by Canon in writing). If Canon offers an accelerated delivery time acceptable to the ordering agency, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

11e. Equipment/Accessory/Supply Return Policy

Returns due to ordering errors:
In the event a customer makes an error when ordering they should contact Canon Customer Service (1-800-323-9170) for a return authorization within 30 days from the shipment date. All returns, due to customer errors, are subject to a restocking fee up to 15% of the original sale price. The equipment being returned must be in new condition (unused) and should be returned in the original shipping container. Any equipment returned without prior written approval from Canon's Customer Service Department will be rejected by the receiving warehouse.

Returns due to Canon processing errors:
On the occasion that Canon makes an error the customer should immediately report it to Canon Customer Service (1-800-323-9170) for a return authorizations within 30 days from the shipment date. Any equipment that is returned without prior written approval from Canon's Customer Service Department will be rejected by the receiving warehouse.

CUSTOMER INFORMATION-CONTINUED

11e. Equipment/Accessory/Supply Return Policy-Continued

Receipt of Defective Equipment:
If the government receives a defective unit, at its option Canon will:
A. repair the product at no charge, using new or refurbished replacement parts,
B. exchange the product with a product that is new or which has been manufactured from new,
OR
C. refund the purchase price of the product. A replacement product assumes the remaining warranty of the original product or 90 days, whichever provides longer coverage.

12. F.O.B. Points

Prices in this Contract include delivery to the shipping dock of destinations located within the 48 Contiguous States and the District of Columbia. Canon will determine the most economical means of transportation. Where premium routing, rigging or "inside delivery" is required by the Government activity, Canon will pay such charge and add the actual cost thereof, as a separate item on the invoice. Shipments to Hawaii, Guam, Alaska, Puerto Rico and other locations outside the Continental Limits are F.O.B., P.O.E. (Port of Embarkation) Continental Limits. Beyond these limits, charges will be added to the invoice.

13a. Ordering address

Refer to Information for Ordering Activities Instructions.

13b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA's) are found in Federal Acquisition Regulation (FAR) 8.405-3.

The following section of the FAR on the use of schedules is provided for customer convenience: FAR 8.404

a. General

Parts 13 (except 13.303-2(c)(3)), 14, 15, and 19 (except for the requirement at 19.202-1(e)(1)(iii) do not apply to BPAs or orders placed against Federal Supply Schedules contracts (but see 8.405-5). BPAs and orders placed against a MAS, using the procedures in this subpart, are considered to be issued using full and open competition (see 6.102(d)(3). Therefore, when establishing a BPA (as authorized by 13.303-2(c) (3)), or placing orders under Federal Supply Schedule contracts using the procedures of 8.405, ordering activities shall not seek competition outside of the Federal Supply Schedules or synopsize the requirement.

b. 8.405.1 Ordering Procedures for Supplies, and Services not Requiring a Statement of Work.

(1) Ordering activities shall use the procedures of this subsection when ordering supplies and services that are listed in the schedules contracts at a fixed price for the performance of a specific task, where a statement of work is not required (e.g., installation, maintenance, and repair).

CUSTOMER INFORMATION-CONTINUED

13b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA's) are found in Federal Acquisition Regulation (FAR) 8.405-3. Continued

(2) Orders at or below the micro-purchase threshold. [Ordering activities may place orders at, or below, the micro-purchase threshold with any Federal Supply Schedule contractor that can meet the agency's needs. Although not required to solicit from a specific number of schedule contractors, ordering activities should attempt to distribute orders among contractors.]

(3) Orders exceeding the micro-purchase threshold but not exceeding the maximum order threshold. Ordering activities shall place orders with the schedule contractor that can provide the supply or service that represents the best value. Before placing an order, an ordering activity shall consider reasonably available information about the supply or service offered under MAS contracts by surveying the GSA Advantage! on-line shopping service, or by reviewing the catalogs or pricelists of at least three schedule contracts (see 8.405-5). In addition to price, when determining best value, the ordering activity may consider, among other factors, the following:

(i) Past Performance.
(ii) Special features of the supply or service required for effective program performance.
(iii) Trade-in considerations.
(iv) Probable life of the item selected as compared with that of a comparable item.
(v) Warranty considerations.
(vi) Maintenance availability.
(vii) Environmental and energy efficiency considerations.
(viii) Delivery terms

Purchase of Incidental, Non-Schedule Items
For administrative convenience, open market (non-contract) items may be added to a Federal Supply Schedule Blanket Purchase Agreement (BPA) or an individual order, provided that the items are clearly labeled as such on the order, all applicable regulations have been followed, and price reasonableness has been determined by the ordering activity for the open market (non-contract) items.

14. Payment Addresses

Refer to Information for Ordering Activities Instructions.

CUSTOMER INFORMATION-CONTINUED

15. Warranty

See Warranty provision under Purchase Terms and Conditions as well as the Warranty Matrix at the end of the Contract Price Book. PHOTORECEPTOR DRUMS/DRUM UNITS

EXAMPLE OF WARRANTY: Calculation for the credit for a defective drum may be illustrated by the following example:

Drum inoperative after 50,000 copies in less than 90 days use. Drum warranted for 100,000 copies.

$$\text{Calculation:} \quad \frac{100{,}000-50{,}000}{100{,}000} = \frac{50{,}000}{100{,}000} = 50\% \text{ Credit}$$

Nicks, scratches and dents caused by the user are not covered by the warranty on all models.

16. Export Packing

Export packing is available upon request. When requested, such packing will be quoted as an Open Market item and only if available at that time. It is recommended that items be purchased (Open Market) from the Canon affiliated organization in the destination country. Contact Canon at 1-800-323-9170 to obtain the address and phone number of the organization in the particular country of interest.

Lease or Maintenance of copiers is only available under this contract within the 48 contiguous states, Alaska, Hawaii, Guam, Washington, D.C. and Puerto Rico.

17. Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level).

Refer to the Information for Ordering Activities section.

18. Terms and conditions of rental, maintenance, and repair (if applicable).

Refer to the Terms and Conditions for Canon Maintenance SIN 811212SA.

19. Terms and conditions of installation (if applicable).

Refer to the Terms and Conditions applicable to LTOP, Operating Lease Plan (Premier Value), and Purchase.

20. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable).

Refer to the Terms and Conditions for Canon Maintenance SIN 811212SA.

20a. Terms and conditions for any other services (if applicable).

Not applicable.

CUSTOMER INFORMATION-CONTINUED

21. List of service and distribution points (if applicable).

Refer to Canon's website at: https://www.usa.canon.com/internet/portal/us/home/contactus/where-to-buy/

22. List of participating dealers (if applicable).

Refer to Canon's website at: https://www.usa.canon.com/internet/portal/us/home/contactus/where-to-buy/

23. Preventive maintenance (if applicable).

Refer to the Terms and Conditions for Canon Maintenance SIN 811212SA.

24a. Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants).

Refer to the Product Pricing Pages for applicable environmental attributes.

24b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contractor's website or other location.) The EIT standards can be found at: www.Section508.gov/.

Canon is dedicated to providing access to all users, and offers accessible solutions for persons with disabilities. Accessibility and Section 508 documentation for individual Canon products is available in the form of the industry-wide Voluntary Product Accessibility Template (VPAT). This documentation can be found at the Canon U.S.A., Inc. website at https://www.usa.canon.com/internet/portal/us/home/explore/solutions-services/business-solutions/accessibility-solutions

25. Data Universal Number System (DUNS) number.

116194192

26. Notification regarding registration in System for Award Management (SAM) database.

Active Registration valid through April 2021.

27. Underwriters' Laboratory Certification

All copiers listed in this Contract have been approved by Underwriters Laboratory and meet Federal Specifications J.C. 175 b.

CUSTOMER INFORMATION-CONTINUED

28. State and Local Taxes

The Contract price excludes all State and Local taxes levied on or measured by the Contract or sale price of the services or completed supplies furnished under this Contract. Taxes excluded from the Contract Price pursuant to the preceding sentence shall be separately stated on Canon's invoices and the Government and government contractors agrees either to pay to Canon amounts covering such taxes or to provide evidence necessary to sustain an exemption there from.

29. Order of Precedence

Orders placed under this Contract shall be governed by the prices and terms of this Contract only, regardless of any prices, terms, or omissions on order documents.

30. Equipment Trade-In

Trade-in terms are not a part of this Contract. Consult your local Canon authorized dealer for availability as an Open Market item.

Trade-in equipment will be accepted as an open market transaction and consequently not subject to the Multiple Award Schedule contract or its price reduction clause. The trade-in is an open market convenience in the form of a discount or credit to the Government on equipment sales to the Government.

31. Recycled Paper

Canon Copying Equipment (except Color Laser Copiers) produces satisfactory copies on recycled paper that meets the Joint Committee on Printing Standard JCP 0-65.

32. Rigging

Rigging refers to any inside delivery or removal from or to point of installation where adequate access (elevator) is not available, requiring movement of equipment up stairways, through windows, etc. If rigging is required this will be quoted by the Canon authorized dealer as an Open Market item.

33. Liability for Injury or Damage

Canon shall not be liable for any injury to Government personnel or damage to Government property arising from the use of equipment maintained by Canon, unless such injury or damage is due to the fault or negligence of Canon.

34. Product Substitutions

Canon may make product substitutions to equipment, systems, and/or accessories as long as the substitute item is the same or better technology at the same or lower price. Delivery order modifications will not be required. The invoice will reflect the actual product shipped NOT the product ordered. To effectively administer savings to the Government, Finance Offices are instructed to make payments in accordance with this paragraph without requiring a delivery order modification.

CUSTOMER INFORMATION-CONTINUED

35. Electricity

The Government will furnish the proper electric current meeting Canon's published standards, and required electrical receptacles for the equipment.

36. Relocation of Equipment

Leased Equipment

·Relocation of LTOP equipment must be made by Canon U.S.A., Inc. or its authorized dealer, except for relocations which Canon U.S.A., Inc. or its authorized dealer has determined, prior to the move, do not require trained moving technical personnel.
·Canon requires 30 days written notice prior to any relocation of equipment. Canon reserves the right to reject any request for relocation of equipment to an area, which is remote or not readily or adequately serviced by Canon or its authorized dealer.
·The cost of shipment to the new installation site and all related expenses shall be borne by the Government.
·The Government will request a price quotation from Canon U.S.A., Inc. or its authorized dealer. The Government will receive a quotation in an amount, which will not be exceeded, and the Government will issue a purchase order in that amount. If, after the move, the actual charges are less, the lesser amount will be invoiced.
·Prior to relocation of equipment, Canon or its authorized dealer will insure the equipment meets Canon performance specifications.
·Relocation of equipment will include one or all of the following depending on the needs of the Government: breakdown and packing of equipment, shipping, uncrating and re-installation and key operator training.
·Said machine will be transferred without cessation of lease/maintenance charges during the period of transfer.

Maintenance (Government-owned Equipment)

·Relocation of Government-Owned equipment covered under a Canon maintenance agreement must be made by Canon U.S.A., Inc. or its authorized dealer, except for relocations which Canon U.S.A., Inc. or its authorized dealer has determined, prior to the move, do not require trained moving technical personnel.
·Canon requires 30 days written notice prior to any relocation of equipment. In the event that equipment is relocated to an area, which is remote or not readily or adequately serviced by Canon or its authorized dealer, the maintenance agreement shall be terminated without further obligations being incurred by either Canon or the Government.
·The cost of shipment to the new installation site and all related expenses shall be borne by the Government.
·The Government may request a price quotation from Canon U.S.A., Inc. or its authorized dealer. The Government will receive a quotation in an amount, which will not be exceeded, and the Government will issue a purchase order in that amount. If, after the move, the actual charges are less, the lesser amount will be invoiced.
·Prior to relocation of equipment Canon or its authorized dealer will ensure the equipment meets Canon performance specifications.

CUSTOMER INFORMATION-CONTINUED

Maintenance (Government-owned Equipment)-Continued

·Relocation of equipment may also include one or all of the following, depending on the needs of the Government: breakdown and packing of equipment, shipping, uncrating and re-installation and key operator training.

·Said machine will be transferred without cessation of maintenance charges during the period of transfer.

·If the equipment is relocated without prior notice/approval by Canon U.S.A., Inc. or its authorized dealer, the maintenance agreement may be terminated effective with the date of such relocation without further obligations being incurred by either Canon U.S.A., Inc. or the Government.

Purchase

Should the Government transfer their equipment, not covered under a Canon maintenance agreement, to a new location and require reinstallation and key operator training, the Government will contact Canon U.S.A., Inc. or its authorized dealer for a price quotation for this service. Upon receipt of a proper purchase order, this service will be rendered.

Shipment Liability

When the shipment is under the control of Canon and damage is incurred which results in costs for either labor or parts to restore the equipment to good operating condition at the new site, such costs shall be borne by Canon or its authorized dealer. When the shipment is under the control of the Government and damage is incurred which results in costs for either labor or parts to restore the equipment to good operating condition at the new site, such costs shall be borne by the Government.

Delivery and acceptance at loading dock

When Canon is asked to leave the equipment at a loading dock and the customer signs acceptance and later moves the equipment themselves, any equipment damage costs shall be borne by the Government.

37. Certification of Federal Government Contractors

All Purchases authorized by U.S. Government Agencies in accordance with Federal Acquisition Regulation (51.100) “Use of G.S.A. Supply Sources by Contractors,” that are placed by Federal Government Prime Contractors and Sub-Contractors under this G.S.A. Contract, shall be accompanied by a copy of the Government authorization.

Purchase Orders shall contain the following statement:

“This Order is placed pursuant to written authorization from (Name of Government Agency), Dated _____, a copy of which is attached. In the event of an inconsistency between the terms and conditions of this order and those of your Federal Supply Schedule Contract, the latter will govern.”

Certified Contractors using this Contract will notify CANON promptly should the Government terminate their authorization. Orders not containing the required Certification will be billed at Commercial prices. FEDERAL GRANTEES ARE NOT PERMITTED TO USE THIS CONTRACT.

Name and Title of Official *Name of Company* *Address of Company*

Dear * _____ *

As a Government cost-reimbursement contractor under contract *enter "number" or "numbers" * _____ *, you are hereby
authorized to place orders under GSA's Federal Supply Schedules Program, subject to the conditions listed below. A written finding supporting issuance of this authorization has been made in accordance with FAR 51.102.

1. This authorization expires on *____*.
2. Purchases made under this authorization are limited to * $_____*.
3. ThisauthorizationislimitedtothefollowingGSAFederalSupplySchedule*enter"contract"orcontracts"*:*entercontractor name(s) and contract number(s)*
4. This authorization *enter "does" or does not" * apply to overhead supplies, and * enter "does" or "does not"* apply to production supplies.
5. This authorization is limited to the following *enter "facility" or "facilities"*: * enter location of facility*
6. Vesting of title for supplies purchased under this authorization shall be follows: *enter vesting information*
7. *Enter any other limitations or conditions deemed necessary*

Any supplies and services purchased under this authorization must be properly accounted for and properly used. You are authorized to order only those supplies and services required in the performance of your contract (s) referenced above. You are responsible for compliance with the applicable policies and procedures prescribed in FAR 51.1, particularly FAR 51.103, regarding purchasing from GSA Federal Supply Schedule contracts.

If you have any questions, you may contact *enter Name of Contracting Officer* on * ____*.

Sincerely,

Name of Contracting Officer and Office Symbol

TERMS AND CONDITIONS FOR PURCHASE

SIN 333316C Copiers and Digital Duplicating Equipment

SIN 339940 Office Products

SIN 518210ERM Electronics Records Management Solutions

1. Installation and Training

For copier equipment, the Purchase Price includes delivery (except excess rigging charges which will be quoted and billed as an Open Market item, if required) and installation of hardware, with the exception of those items indicated as customer installable. Network connectable hardware shall be installed ready for network installation by customer. On-site network installation assistance can be obtained on an Open Market basis through a separate contract from the local Canon authorized dealer or Canon's Federal Sales Division. An installation charge may apply for accessories placed after the initial machine installation.

In addition to delivery and installation referenced above, Canon will unpack, install and check the equipment to insure that it is in good working order. The customer will assign a Key Operator who will be responsible for normal operator maintenance; i.e., loading of paper, adding toner and developer, clearing paper delays, and cleaning platen glass.

The Purchase Price includes one initial training session and manual, unless otherwise noted. Any additional on-site training or network integration assistance can be obtained on an Open Market basis through a separate contract from the local Canon dealer or Canon's Federal Sales Division.

For image filing equipment (Scanners), installation is customer installable, unless otherwise notated. The Purchase Price includes delivery only. Installation and maintenance are available for an additional charge.

For customers that require installation support an optional install eCarePAK is available for purchase.

Traditional Maintenance Programs (SIN 811212SA) are not available for scanners. Instead, maintenance support is provided in the form of eCarePAK. This program entitles the Government to all of the benefits of the Advanced Exchange Program:

·The Advanced Exchange Program is a convenient way for customers to obtain a replacement Canon scanner when it requires service – before sending it back to Canon for repair.
·Customer downtime is minimized by having the defective product exchanged for a comparable refurbished product usually by the next business day (two business days for Alaska and Hawaii).
·The eCarePAK comprehensive service package goes into effect on the day the original scanner limited warranty expires. Once the replacement scanner arrives, the customer will simply place the defective scanner in the empty case and send it back to Canon.

1. Installation and Training-Continued

·eCarePAK coverage also includes toll-free access to Canon's technical support staff during normal business hours.

An eCarePAK must be purchased prior to the expiration date of product's manufacturer warranty.

2. Warranty

Canon warrants equipment to be free from defects in workmanship and material under normal use and service for a period after delivery to purchaser as specified in the Warranty section. The Photoreceptor drum is under separate warranty. During such warranty period, Canon shall replace, without charge, any defective part other than the following consumable items and materials: paper, chemicals (such as developer, toners, etc.) There is no warranty on waste toner cases.

This warranty shall be void and of no force and effect if the copier is damaged as a result of A) neglect, alteration, electric current fluctuation or accident, B) improper use, including failure to follow operating, maintenance and environmental conditions prescribed in Canon U.S.A.'s instruction manual, C) installation or repair by other than service representatives qualified by Canon U.S.A. and acting in accordance with Canon U.S.A.'s service bulletins, D) use of supplies or parts (other than those distributed by Canon U.S.A.) which damage the equipment or cause abnormally frequent service calls or service problems. Nor does this warranty extend to any equipment on which the original identification marks or serial numbers have been defaced, removed, or altered. After the warranty period, all adjustments, removal of paper jams, cleaning and consumable parts will be charged to the customer as an Open Market item or under the terms of Special Item Number SIN 811212SA.

3. **Blanket Purchase Agreement (BPA) Terms and Conditions**

a. Available to any eligible user of the GSA Contract.
b. Establishment of a BPA requires a purchase order (or equivalent document) signed by a contracting officer which contains the following statements:

-This order establishes a Blanket Purchase Agreement between (name of agency/department, etc.) and Canon U.S.A., Inc. under the BPA terms contained in GSA Contract No. .
-During the term of the BPA, the agency agrees to purchase a minimum of $250,000 (excluding accessories and supplies) in equipment.
-In the event the cumulative total of orders placed under this BPA does not reach the minimum purchase dollars ($250,000), the Contractor may invoice at the price of the applicable quantity level.

c. All entities authorized to utilize the BPA must be specified by the agency or department on the BPA document. Orders not reflecting an entity listed with the BPA will receive single unit published prices from the current GSA Price Schedule.
d. Orders establishing BPA's must be sent to:
Canon U.S.A., Inc.
4100 N. Fairfax Drive, Suite 200
Arlington, VA 22203
Attn: Government BPA Contracts
e. BPA's can be established for all plans. Where quantity pricing is available, however, Special Item Numbers cannot be combined to meet commitments.
f. A BPA entitles the agency to the quantity break pricing for purchase of equipment, however, accessories and supplies do not contribute to the minimum purchase requirements.
g. If the agency does not reach the minimum purchase dollars, the agency will be ineligible for BPA prices for the following fiscal year.
h. The maximum order limitation of the contract applies solely to individual orders placed against the BPA and has no bearing on the cumulative or total value of these orders.
i. Individual orders placed against the BPA will reference the BPA number.
j. Invoices to the billing address shown on each BPA will follow, not accompany, each shipment. Monthly or cumulative summary invoicing is not available.

4. Relocation of Equipment

Refer to the Relocation of Equipment terms in the Customer Information section.

5. Replacement of Existing Canon Equipment

If the ordered equipment is replacing existing Canon equipment, please indicate the model and serial number of the existing equipment.

6. Purchase of Supplies

Refer to the Product Pricing Pages for specific supply information.

7. Hard Drive Removal and Replacement

Hard Drive Removal and Replacement (HDD) services can be procured at the time of the Purchase Order (recommended for funding purposes) or upon the request of the Ordering Agency after the commencement of the contract (additional funding is required). Pricing details for HDD services are shown in the specific model price pages.

Upon contract expiration, Canon will work with the Ordering Agency to ensure a seamless Hard Disk Drive (HDD) process. Canon and the Ordering Agency shall ensure that hard drives do not leave the facility once a device is installed and that all hard drives will be surrendered to an appropriate security official as determined by the Ordering Agency for destruction, upon request. Canon will provide the COTR with a Verification & Acknowledgement Form of the HDD removal including the serial number, and removal date within 30 business days of the removal.

SIN 532420LT LTOP & Operating Lease Plan for all non-copier office machinery

SIN 532420LTOP LTOP & Operating Lease Plan for copier

1. STATEMENT OF GOVERNMENT INTENT

For the purpose of this solicitation, Lease Term is defined as the duration of the lease in months (not to exceed 60 months) as shown on the Ordering Agency's initial delivery order. It is understood by all parties to this contract that this is a leasing arrangement. In that regard, the Government anticipates fulfilling the leasing agreement subject to the availability of appropriated funds and the continued needs of the Ordering Agency.

The Ordering Agency, upon issuance of any delivery order intends to use the equipment for the lease term specified in the initial delivery order so long as the needs of the Ordering Agency for the equipment or functionally similar equipment continues to exist and adequate funds are appropriated. Each lease hereunder shall be initiated by a delivery order which shall, either through a statement of work or other attachment specify the equipment being leased, and the terms of the transaction as required in the specific Special Item Number (SIN) description. The lease commencement is the date of acceptance as defined by FAR Subpart 12.4

The first period or initial term of the leasing agreement will be through September 30th of the fiscal year in which the order is placed, or as extended by act of Congress, unless the ordering office has multi-year funding.

Ordering Agencies are advised to follow the guidance provided in Federal Acquisition Regulation (FAR) Subpart 7.4 Equipment Lease or Purchase, and to review the lease terms and conditions prior to ordering and obligating funding for a lease. Ordering Agencies are responsible for the obligation of the funding consistent with fiscal law when entering into any lease arrangement.

For LTOP leases, Canon offers lease terms of 24, 36, 48 and 60 months. For PVL leases, Canon offers lease terms of 36, 48 and 60 months. Additionally, for the flexibility to add additional placement to existing fleets of Canon devices, Co-term lease rates are available for 12 to 60 months terms for both LTOP and PVL Leasing.

2. ORDERING PROCEDURES

(a) Ordering Agencies are strongly encouraged to conduct a needs assessment prior to the procurement.
(b) When the Ordering Agency expresses an interest in leasing a product(s), the Ordering Agency will provide the following information to the prospective vendors:

(i) Which product(s) is (are) required.
(ii) The required delivery date.
(iii) The proposed term of the lease.
(iv) Where the equipment will be located.
(v) Description of the intended use of the equipment.

(c) Canon will respond with:

(i) Whether Canon can provide the required equipment.
(ii) The monthly payment based on the rate and the initial and residual values of the equipment.
(iii) The estimated cost, if any, of applicable State or local taxes.
(iv) A confirmation of the availability of the equipment on the required delivery date.
(v) Extent of warranty coverage, if any, of the leased products.
(vi) Cite the cost of any mandatory maintenance as applicable.
(vii) The Termination Ceiling Charges, as applicable. (See Section 13, Early Termination Charges).

(d) The ordering agency and contractor shall agree upon a termination ceiling charge which is established in accordance with the appropriate formula in Section 13. Early Termination Charges.
(e) The Contracting Officer shall insert the agreed upon termination ceiling charge for the first year in the order and modify it for successive years upon availability of funds.

SIN 532420LTOP LTOP & Operating Lease Plan for copier

3. ORDERS AND PERIOD OF LEASING ARRANGEMENTS

(a) Lease Options: At a minimum, Ordering Agencies placing orders for equipment under a leasing arrangement must specify on the delivery order the applicable leasing SIN under which the equipment is being leased.

(i) Lease to Ownership Plan (LTOP) (Lease/Purchase)

(ii) Lease with Option to Own (Operating Lease)

(b) Annual Year Funding. When using annually appropriated funds when placing an order for leasing, the following applies:

(i) Any lease executed by the Ordering Agency shall be on the basis that the known requirements exceed the remainder of the fiscal year. Due to funding constraints, however, the Ordering Agency cannot normally commit to a term longer than one fiscal year at the commencement of the lease. To facilitate the exercise of renewal options for future fiscal years, the lease term will be specified in the delivery order. All orders for leasing shall remain in effect through the Government fiscal year (or as extended by Act of Congress), or the planned expiration date of the lease, whichever is earlier, unless the Ordering Agency exercises its rights hereunder to acquire title to the equipment prior to the planned expiration date. Despite the fact that the delivery order will specify the total lease term, orders under the lease shall not be deemed to obligate succeeding fiscal year's funds or to otherwise commit the Ordering Agency to a renewal.

(ii) All orders for leasing automatically terminate at the end of the Government fiscal year (or as extended by Act of Congress) or the contract term, whichever is earlier. However, Ordering Agencies should notify the contractor in writing thirty (30) calendar days prior to the expiration of such orders as to the Government's intent to renew. Ordering Agencies are instructed to follow the guidelines set forth in Paragraph 14 of this section with regard to termination of lease terms for non-appropriation or agency decisions not to renew. Should Ordering Agencies decide to terminate the lease prior to the expiration of the lease term under any other condition other than those set forth in Paragraph 14, early termination charges shall apply, (See Section 13, Early Termination).

(c) Multi-Year Funding Within contract Period: Where an Ordering Agency's specific appropriation authority provides for funds in excess of a 12 month (fiscal year) period, the Ordering Agency may place a schedule contract order for leasing for a period up to the expiration of its period of

TERMS AND CONDITIONS FOR LEASING OF GENERAL PURPOSE COMMERCIAL EQUIPMENT-CONTINUED

SIN 532420LTOP LTOP & Operating Lease Plan for copier

appropriation availability, or the expiration of the contract period whichever comes first, notwithstanding the intervening fiscal years.
(d) In recognition of the types of products on this Schedule and the potential adverse impact to the Government's mission, the Government's quiet and peaceful possession and unrestricted use of the equipment shall not be disturbed in the event the equipment is sold by the Contractor, or in the event of bankruptcy of the contractor, corporate dissolution of the Contractor, or other event, so long as the Government is not in default. The equipment shall remain in the possession of the Government until the expiration of the lease. Any assignment, sale, bankruptcy, or other transfer of the leased equipment by the contractor will not relieve the Contractor of its obligations to the Government, and will not change the Government's duties or increase the burdens or risks imposed on the Government.
(e) Assignment of Claims: In accordance with GSAR 552.232-23 Assignment of Claims under this contract, the Ordering Agency Contracting Officer may approve the assignment of claim for an order under these leasing Special Item Numbers (SINs) in accordance with FAR 32.803. Contractors cannot prohibit or otherwise limit the Government's ability to setoff lease payments under any lease or assignment of a lease.
(f) Government Rights under Lease: The Government does NOT waive any performance requirements, warranty rights nor other contract or statutory rights, such as the right to set off payments against other Government debt, as a part of the lease. The Government's acceptance of an assignment of a lease, does not waive any of the Government contract provisions.

4. MAINTENANCE AND INSTALLATION

(a) Maintenance and installation, when applicable, are not included in the lease payments. The Ordering Agency will obtain installation and/or maintenance from the contractor or a designated authorized service provider.
(b) When installation and/or maintenance are to be performed by the Contractor, the payments, terms and conditions will be as stated in this contract. Maintenance payments and terms and conditions during subsequent renewal periods of this lease will be those of the prevailing GSA Schedule contract in effect.

TERMS AND CONDITIONS FOR LEASING OF GENERAL PURPOSE COMMERCIAL EQUIPMENT-CONTINUED

SIN 532420LC Operating Lease Plan for Copier

SIN 532420LT LTOP & Operating Lease Plan for all non-copier office machinery

SIN 532420LTOP LTOP & Operating Lease Plan for copier

5. MONTHLY PAYMENTS

(a) Prior to the placement of an order under this SIN, the Ordering Agency and the contractor must agree on a "base value" for the products to be leased. The base value will be the contract purchase price (less any discounts). For operating leases the residual value is independent of the purchase option price. The residual value will be used in the calculation of the original lease payment.
(b) To determine the initial lease term payment, the contractor agrees to apply the negotiated lease factor to the agreed upon base value:

Examples: Lease factor one (1) percent over the rate for the three year (or other term) Treasury Bill (T-bill) at the most current U. S. Treasury auction.
or
The Contractor's most favored finance rate factor as agreed to during contract negotiations.
The lease payment may be calculated by using a programmed business calculator or by using "rate"
functions provided in commercial computer spreadsheets (e.g., Lotus 1-2-3, Excel).

(c) The purchase option price will be based upon the unamortized principle of the product. The payment will be based upon the unamortized principle, as shown on the payment schedule as of the last payment prior to date of transfer of ownership. In the event the Government desires, at any time, to acquire title to equipment leased hereunder, the Government may make a onetime lump sum payment.

6. EXPIRATION OF LEASE TERM:

(a) Upon the expiration of the Lease Term, the Ordering Agency will:

(i) Upon 30 day written notice, return the Equipment to the Contractor or -

(ii) Purchase the equipment at the fair market value of the equipment or;

(iii) Obtain requirements in accordance with FAR 8.4 (Ordering Procedures) by issuing a new request for quote.

Note: Customers are advised to see paragraph 15-18 for additional lease expiration provisions.

7. ADDITIONS

For the purpose of this solicitation the definition of an addition is defined as follows:
Additions: The addition of accessories features or other enhancements available for lease under this contract to an existing model (base unit) already installed. Additions shall not change the functionality of the installed equipment.

(a) The ordering agency may require the contractor to modify existing leased equipment through order modifications, provided the modifications are customarily offered by the contractor for the equipment leased. The price of the modification will be mutually agreed upon by the ordering agency and the contractor. The ordering agency may pay for the modification at full price upon acceptance, or the modification price may be leased coterminous with the initial lease term. The contract lease interest rate in effect at the time of order of the modification will be used to calculate the monthly payment applicable to the modification. For Operating leases a residual value should be negotiated for the modification.

For example:
Lease to ownership
Price of the modification - $1,000
Months remaining on the equipment lease - 19
Current contract lease factor at the time of the modification - 045 for 24 month lease, the term closest to remainder of lease.
Interest equivalent (i) for lease factor is 0.625% per month
[rate(N,-pmt,Price)/rate(24,-0.045,1)]
Modification Payment $55.98 [PMT(i,N,P)/PMT(.625%,19,1000)]

(b) The Ordering Agency may affix or install any accessory, addition, equipment or device on the equipment ("additions") provided that such additions:

(i) can be removed without causing material damage to the equipment;
(ii) do not reduce the value of the equipment; and
(iii) re obtained from or approved by the contractor, and are not subject to the interest of any third party other than the contractor.

TERMS AND CONDITIONS FOR LEASING OF GENERAL PURPOSE COMMERCIAL EQUIPMENT-CONTINUED

SIN 532420LC Operating Lease Plan for Copier

SIN 532420LT LTOP & Operating Lease Plan for all non-copier office machinery

SIN 532420LTOP LTOP & Operating Lease Plan for copier

(c) Any other additions may not be installed without the contractor's prior written consent.

At the end of the lease term, the Government shall remove any additions which:

(i) were not leased from the contractor, and

(ii) are readily removable without causing material damage or impairment of the intended function, use, or value of the equipment, and restore the equipment to its original configuration.

(d) Any additions, which are not removable, will become the contractor's property (lien free).

(e) Payment may be modified based on the schedule price adjusted to reflect the actual period until the end of the lease term.

(f) Should the Ordering Agency elect to replace equipment under the lease, a new FAR 8.4 competition is required. This does not preclude substitution for failure to perform. Ordering Agencies are advised that when making the decision to conduct a new competition, consideration must be given to the early termination of existing equipment and/or the financial considerations involved with the rollover of existing equipment should the current contractor prevail. Ordering Agencies are strongly advised to perform a cost benefit analysis in accordance with their agency procedures and policies with regard to rollovers.

8. RISK OF LOSS OR DAMAGE

The Government is relieved from all risk of loss or damage to the equipment during periods of transportation, installation, and during the entire time the equipment is in possession of the Government, except when loss or damage is due to the fault or negligence of the Government. The Government shall assume risk of loss or damage to the equipment during relocation unless the Contractor shall undertake
such relocation.

9. WARRANTY

In accordance with Clause 552.246-73 under this contract, the contractor's warranty, as stated in the contractor's GSA Authorized Price List, is applicable to the lease.

TERMS AND CONDITIONS FOR LEASING OF GENERAL PURPOSE COMMERCIAL EQUIPMENT-CONTINUED

SIN 532420LC Operating Lease Plan for Copier

SIN 532420LT LTOP & Operating Lease Plan for all non-copier office machinery

SIN 532420LTOP LTOP & Operating Lease Plan for copier

10. EQUIPMENT PERFORMANCE

(a) The equipment supplied must be in operational or repairable condition throughout the term of the lease.

(i) Operational condition means the equipment is performing as intended, all accessories are operating as intended and in all respects the equipment is performing up to the standards in the manufacturer's specifications.

(ii) Repairable condition means that the equipment can be repaired by a qualified technician within the terms of the maintenance agreement. Additionally, all required replacement parts are available and the equipment down time does not exceed that specified in the maintenance agreement.

(b) After a thirty (30) day notice and cure period, if the equipment continues to fail to be operational or repairable as defined above, the Ordering Agency may take those remedies available to it under either the contractor warranty provisions or default clause set forth in FAR 52.212-4(m). Such recourse will not be the basis for increasing the monthly payment or extending the term of the lease.

(c) Maintenance and Support:

Preventive Maintenance: The contractor shall provide preventive maintenance at least equal to the commercial practice. Intervals between scheduled maintenance services shall be no greater than those provided to commercial customers for the same products.

Response to Service Calls: At minimum, during normal working hours (as specified by the using activity), Monday through Friday (excluding holidays observed by the Government), the contractor shall respond to verbal or written requests for service calls. The contractor shall repair the products within either nine (9) working hours or sixteen (16) working hours (as specified by the User Activity) after the verbal or written request for the service call. However, for products identified as critical, the contractor shall respond to verbal requests for service calls and shall repair the products within four (4) working hours. Products designated critical will be identified by the ordering activity in the order and shall not exceed 5% of the total number of products on the order. The contractor's response time on a service call starts, when authorized personnel of an ordering activity place a verbal request to the contractor for a service call or a written request is received by the contractor requesting a service call, whichever is earlier.

SIN 532420LTOP LTOP & Operating Lease Plan for copier

Contractors are required to submit a contingency plan to maintain full and proper operation of products and to avoid extended delays for repair or replacement of products.

Repair and Maintenance Service: Offerors shall submit and include in their pricelist's, a list of Names, addresses, and phone number(s) of authorized representatives, responsible to the contractor, who may be contacted by ordering activities for repair and maintenance of products. Only those authorized representatives listed may render maintenance service, unless the list is subsequently modified by mutual agreement between the contractor and the Contracting Officer, to add or terminate authorized representatives. Contractor shall notify ordering activities of any changes to authorized repair and maintenance representatives.

11. TITLE

During the Lease Term, the equipment shall always remain the property of the contractor. The Government shall have no right or interest in the equipment except as provided in this leasing agreement and shall hold the equipment subject and subordinate to the rights of the contractor.

12. STATE AND LOCAL TAXES (52.229-1):

Notwithstanding the terms of the Federal, State, and Local Taxes Clause, the contract price excludes all State and Local taxes levied on or measured by the contract or sales price of the services or completed supplies furnished under this contract. The contractor shall state separately on its invoices taxes excluded from the contract price, and the Government agrees either to pay the amount of the taxes (based on the current value of the equipment) to the contractor or provide evidence necessary to sustain an exemption. See FAR clauses 52.229-1 State and Local Taxes; 52.229-3 Federal, State, and Local Taxes, which are incorporated by reference.

13. EARLY TERMINATION CHARGES

Equipment leased under this agreement may be terminated at any time during a Government fiscal year by the Ordering Agency's Contracting Office responsible for the delivery order in accordance with FAR 52.212-4, paragraph (l) Termination for Ordering Activity's Convenience.

The Termination Ceiling Charge is a limit on the amount that a contractor may claim from the Ordering Agency on the termination for convenience of a lease or failure to renew a lease prior to the end of the lease term for reasons other than those set forth in section 14, Termination for Non-Appropriation. Termination ceiling charges will apply for each year of the lease term. The Ordering Agency and contractor shall establish a Termination Ceiling amount. The Contracting Officer shall insert the Termination Ceiling Charge for amount of the first year in the order and modify it for successive years upon availability of funds.

No claim will be accepted for future costs: supplies, maintenance, usage charges or interest expense beyond the date of cancellation. In accordance with the bona fide needs rule, all termination charges must reasonably represent the value the Ordering Agency received for the work performed at cancellation based upon the shorter lease term. No termination cost will be associated with the expiration of the lease term.

Formula 1: FOR Lease To Own (LTOP)
Termination Fee = pmt(i,n,P) *n - sum of PMT - FMV
"P" = Schedule Price of equipment at time of order, inclusive of Ordering Agency negotiated price reductions should be considered.
"PMT" = Actual Monthly Payment paid on order to termination
"i" = Monthly Interest Rate applicable to the order
"n" = number of months from order to termination
"pmt" = Monthly payment corrected to actual lease term"
"FMV" = Fair Market Value of equipment if returned at termination. Unit price adjustments, residual or FMV values used to calculate operating leases, should not be considered

TERMS AND CONDITIONS FOR LEASING OF GENERAL PURPOSE COMMERCIAL EQUIPMENT-CONTINUED

SIN 532420LC Operating Lease Plan for Copier

SIN 532420LT LTOP & Operating Lease Plan for all non-copier office machinery

SIN 532420LTOP LTOP & Operating Lease Plan for copier

Formula 2: For Operating leases
Termination Fee = PV (i, n,-PMT)
"PV"= Present Value
"i" = Interest rate per month, equal to the interest rate applicable to the calculation of the payment on the delivery order
"n"= Number of months remaining from termination date to the end of the lease term
"PMT" = Current monthly payment amount of the original payments through end of the lease

14. TERMINATION FOR NON-APPROPRIATION

The Ordering Agency reasonably believes that the bona fide need will exist for the entire lease term and corresponding funds in an amount sufficient to make all payment for the lease term will be available to the Ordering Agency. Therefore, it is unlikely that leases entered under the Lease to Own, Operating Lease, and all other equipment will be terminated prior to the full lease term. Nevertheless, the Ordering Agency's Contracting Officer may terminate or not renew leases at the end of any initial base period or renewal period under this paragraph if (a) it no longer has a bona fide need the equipment or functionally similar equipment; or (b) there is a continuing need, but adequate funds have not been appropriated to the ordering agency in an amount sufficient to continue to make the lease payments. If this occurs, the Ordering Agency will promptly notify the contractor and the equipment lease will be cancelled at the end of the last fiscal year for which funds were appropriated. The determination of the availability of funds is made solely by the Government.

15. LEASE EXTENSIONS

Extension of the present lease term is not permitted. Future requirements shall be procured in accordance with FAR 8.4, FSS Ordering Procedures.

16. LEASE EXPIRATIONS –LEASE TO OWN

TERMS AND CONDITIONS FOR LEASING OF GENERAL PURPOSE COMMERCIAL EQUIPMENT-CONTINUED

SIN 532420LC Operating Lease Plan for Copier

SIN 532420LT LTOP & Operating Lease Plan for all non-copier office machinery

SIN 532420LTOP LTOP & Operating Lease Plan for copier

17. LEASE EXPIRATIONS –OPERATING LEASE AND ALL OTHER EQUIPMENT

Extension of the present lease term is not permitted. Future requirements shall be procured in accordance with FAR 8.4 covering Ordering Procedures.

Unless notified by the Ordering Agency that the Government intends to exercise its option to purchase the equipment, the equipment, upon the expiration of the lease term, will be removed by the contractor at the earliest practicable time. The Ordering Agency is responsible for removal charges. Unless specified under the schedule contract, removal charges will be administered outside the scope of the contract.

The equipment shall be in the same condition as when delivered, with the exception of ordinary wear and tear. The contractor shall conduct a timely inspection of the returned products and within thirty (30) days of the return, assert a claim if the condition of the equipment exceeds normal wear and tear.
In the event the Ordering Agency desires, at any time, to acquire title to equipment leased hereunder, the price will be mutually agreed upon by the parties.

18 RETURN OF EQUIPMENT

The Government will provide written instructions for the removal of the equipment. The Ordering Agency is required to provide serial numbers and exact location of equipment for pick up.

Upon receipt of this notice, Canon shall remove the equipment within thirty (30) business days or a mutually agreed date and time. Equipment that require Hard Drive Removal and Replacement services are not considered available for pick up until such service is completed. Upon notification of HDD services completion, Canon will coordinate the equipment pick up with the Ordering Agency.

Available equipment (HDD services completed) not removed by Canon within thirty (30) days of the date of notification by the Ordering Agency shall be considered as abandoned and subject to such disposal as the Government may deem appropriate.

The equipment shall be in the same condition as when delivered, with the exception of ordinary wear and tear. Canon shall conduct a timely inspection of the returned products and within thirty (30) days of the return, assert a claim if the condition of the equipment exceeds normal wear and tear.

SIN 532420LC Operating Lease Plan for Copier

SIN 532420LT LTOP & Operating Lease Plan for all non-copier office machinery

SIN 532420LTOP LTOP & Operating Lease Plan for copier

19. HARD DRIVE REMOVAL AND REPLACEMENT

Hard Drive Removal and Replacement (HDD) services can be procured at the time of the Purchase Order (recommended for funding purposes) or upon the request of the Ordering Agency after the commencement of the contract (additional funding is required). Pricing details for HDD services are shown in the specific model pricing.

Upon contract expiration, Canon will work with the Ordering Agency to ensure a seamless Hard Disk Drive (HDD) process. Canon and the Ordering Agency shall ensure that hard drives do not leave the facility once a device is installed and that all hard drives will be surrendered to an appropriate security official as determined by the Ordering Agency for destruction, upon request. Canon will provide the COTR with a Verification & Acknowledgement Form of the HDD removal including the serial number, and removal date within 30 business days of the removal.

TERMS AND CONDITIONS FOR CANON MAINTENANCE

SIN 811212SA Maintenance Service Agreement for Office Equipment

Canon agrees to furnish maintenance within the 48 contiguous states and the District of Columbia at the prices specified in the Government maintenance price schedule. Maintenance Service for Alaska, Hawaii, Guam, Puerto Rico and remote locations more than 50 miles from a Canon Service Provider will be 25% higher than the listed schedule prices (with the exception of the city of Anchorage only to include 5 miles outside the city limits). Due to the limited service providers for the Océ Wide Format Printers, Canon is offering a fixed price fee for remote locations more than 50 miles from a Canon Authorized Service Provider. This surcharge is in lieu of the 25% higher pricing and is identified as Zone 3 pricing in the specific Product Pricing Pages.

1. Toner Inclusive Maintenance Agreement

The Toner Inclusive Maintenance Agreement (except for Océ Wide Format Printers where it is toner exclusive) provides for Toner to be included in the monthly maintenance pricing and provided to the customer on an "as needed" basis.

2. Service Availability

Maintenance service shall commence on a mutually agreed to day which will be written into the maintenance order. Maintenance service may be discontinued by the Government at any time by giving to Canon U.S.A., Inc. or its authorized dealer, thirty (30) days prior written notice. Canon shall honor orders for maintenance at the rates listed herein for the period covered by this schedule. Orders shall show type, model, serial number, and the meter usage reading as of the commencement date of the order. Orders shall be written to terminate on or before September 30 of the current fiscal year; however, unless Canon U.S.A., Inc. is otherwise notified prior to October 1 of the following fiscal year, maintenance service shall continue and the Government shall be charged for service on an Open Market order basis, or GSA contract for that fiscal year, whichever is less. Service under these maintenance agreements to, keep the machine(s) in good working order includes unscheduled, on call remedial maintenance. Canon shall respond to all maintenance calls within nine (9) working hours or sixteen (16) working hours (as specified by the using activity) after a complete verbal or written request for the service call. Maintenance will include lubrication, adjustments, preventative maintenance based upon the specific needs of the individual machine, and replacement of maintenance parts, all as deemed necessary by Canon U.S.A., Inc., or its authorized dealer, except as follows:

TERMS AND CONDITIONS FOR CANON MAINTENANCE-CONTINUED

SIN 811212SA Maintenance Service Agreement for Office Equipment

3. Service Availability-Continued

a. repairs resulting from causes other than normal use; abuse or misuse by the operators (including without limitation, damage to copier drums and use of supplies or spare parts that do not meet Canon's published specifications and which cause abnormally frequent service calls or service problems); accident, transportation; failure of electrical power, which meets Canon's published standards, air conditioning or humidity control.
b. repairs made necessary by service performed by personnel other than Canon or its authorized representative.
c. additional service calls or work which the customer requests to be performed outside the regular business hours.
d. shop repair reconditioning, rebuilding, overhaul or modification to the equipment except those specified by the authorized technician to assure greater performance of the equipment.
e. repair of damage or increase in service time caused by failure to continually provide a suitable installation environment;
f. repair of damage or increase in service time caused by the use of the machine(s) in other than ordinary use for which designed;
g. repair of damage or increase in service time caused by the use of any supply item which causes machine damage or excessive service, or does not meet any Canon published minimum physical property guidelines.

3. Initial Period of Availability

The initial period of service availability for Canon copiers is as follows:

A. Machine purchased from Canon, or its authorized dealer, upon installation.

Canon will provide maintenance agreement availability for five (5) years commencing with the ninety-first day after the machine's initial installation. Upon the expiration of the initial period of service availability, the maintenance agreement provides for annual extensions.

B. Purchased Machines not under Canon Maintenance Agreement

Canon U.S.A., Inc. shall not be obligated to enter into an agreement for service or maintenance on equipment not under a Canon maintenance agreement or not purchased directly from Canon or its authorized dealers until such equipment has been inspected by Canon and found to meet Canon's standards for undertaking maintenance where the equipment may not have theretofore been maintained in an appropriate manner. The Government shall be liable for the reasonable costs and expenses incurred by Canon U.S.A., Inc. or its authorized dealers in restoring the equipment to

TERMS AND CONDITIONS FOR CANON MAINTENANCE-CONTINUED

SIN 811212SA Maintenance Service Agreement for Office Equipment

Canon's maintenance agreement standards, which will be billable to the Government at Canon, or its authorized dealer's parts and labor rates, then in effect. Upon acceptance, Canon shall provide maintenance agreement availability for an initial period of five years commencing with the effective date of purchase from Canon.

Upon expiration of the initial period of service availability, the maintenance agreement provides for annual extensions.

Note: If the original installation date cannot be determined, the initial period of service availability will be one year.

4. Maintenance Rates

A. All service under this agreement shall be rendered on the user's premises during the normal working hours (9:00 a.m. to 5:00 p.m., Monday through Friday) at the rates shown in the maintenance agreement prices tables herein.

B. In the event that it is necessary to remove the equipment to the Canon authorized facility for repair Canon will provide transportation to and from Canon's service point. Service time will be charged at the hourly service rate. "After hours" or overtime service as requested by the Government will be provided on an "if available" basis.

C. Service performed on Saturday, between 9:00 a.m. and 5:00 p.m. will be at one and one-half (1 1/2) times the hourly rate. Service performed after hours on weekdays will be at one and one-half (1 1/2) times the hourly rate until 10:00 p.m. and twice (2X) the hourly rate from 10:00 p.m. to 9:00 a.m.

D. Service performed on Saturday from 5:00 p.m. to midnight, Sunday and Canon holidays will be charged at twice (2X) the hourly rate.

E. Canon reserves the right to inspect all equipment to be covered under a Maintenance Agreement to determine that it is in good mechanical condition on the effective date of the agreement. Should the equipment require repair or overhaul prior to acceptance, such repairs, if requested, will be made at the hourly rate plus parts.

F. This Maintenance Agreement does not provide for the replacement of consumable supplies. Installation of paper, toner and premix will be performed without charge if the service technician is present for service reasons. A charge, at the hourly rate, will be made if a special call is requested for the purpose of installing these items.

G. All maintenance service agreement prices are guaranteed for the term of this GSA Contract.

TERMS AND CONDITIONS FOR CANON MAINTENANCE-CONTINUED

SIN 811212SA Maintenance Service Agreement for Office Equipment

5. Cancellation of Maintenance Agreement

A. Cancellation by the Government

The Government may terminate the agreement or remove any machine from the agreement with thirty (30) days prior written notice to Canon.

B. Cancellation by Canon

Canon may withdraw any machine from the agreement upon expiration of the initial period or any subsequent annual period at the completion of the contract period. Written notice will be provided by Canon to the ordering agency 30-days prior to the termination of maintenance if:

The machine is not being used in accordance with the intended purpose;

There has been lack of proper operator maintenance between maintenance calls;

There is abuse of the equipment by the operators;

The equipment requires shop repairs or overhaul but approval to proceed has been denied;

The equipment is repaired or adjusted by any person other than a representative authorized by Canon;

The transfer of equipment covered by this Contract to a location outside the normal servicing area will exclude it from the terms of this agreement and subject it to be considered and agreed upon individually.

6. Ad Hoc Maintenance Offerings

In order to best meet the needs of the Government, Canon may offer additional maintenance programs such as copies included or pooled offerings upon request. These offerings are based on our published base and click service rates and will be calculated as follows:

Copies Included Program

Should the Government require a maintenance plan that includes copies, the monthly rate for service will be calculated by taking the published Per Copy Charge and multiplying that by the number of copies desired. This amount will then be added to the monthly base (if applicable) for the total monthly price. If copy usage exceeds the number of copied included in the monthly rate, excess copies will be billed at the published Per Copy Charge.

Pooled Maintenance

TERMS AND CONDITIONS FOR CANON MAINTENANCE-CONTINUED

SIN 811212SA Maintenance Service Agreement for Office Equipment

From time to time, the Government may request a maintenance program where they wish to be able to "pool" pages per month across a group of machines to maximize device performance and minimize overage charges on a single device. Canon will calculate pooled maintenance by taking the published Monthly Maintenance Price and Per Copy Charge by model and create a blended (or aggregate) cost per copy for the pool of devices.

For each model that is proposed for the pool Canon will take the expected or average monthly volume multiplied by the service rates to calculate a monthly billing amount. The monthly amount for all devices will be added together and divided by the total number of copies for the pool to create a blended (or aggregate) cost per copy. Please see illustration below:

Device	***Monthly Volume***		***Cost Per Copy***		***Monthly Amount***
Model 1	1,000	x	$0.01000	=	$10.00
Model 2	1,500	x	$0.00800	=	$12.00
Model 3	2,500	x	$0.00600	=	$15.00

					Blended Cost Per Copy
	$37.00	**÷**	**5,000**	**=**	**$ 0.00740**
	Total Mo. Billing		*Divided by Volume*		

The pool of devices must be identified by model and serial number. Any additions or deletions to the pool during the annual maintenance contract must be mutually agreed to as this may affect the pricing. The Government will be invoiced for the pool similarly to a Copies Included Program, there will be a monthly base charge for the agreed to copy volume of the pool and overage charges will only apply for the total number of copies exceeding that of the agreed upon volume for the pool. Overage charges will be invoiced at the blended rate as calculated similarly to the example above.

TERMS AND CONDITIONS FOR CANON MAINTENANCE-CONTINUED

SIN 811212SA Maintenance Service Agreement for Office Equipment

7. Billing

Invoices shall be issued on a monthly basis including (1) the monthly maintenance charge and (2) additional copy charge for all copies in excess of the copies included in the minimum. This additional copy charge will be determined by multiplying the excess copy volume, if any, as recorded on the meter by the charge per copy for all copies above the minimum. If the government requires quarterly invoicing this request must be made in writing at the time the order is placed.

All meter readings shall be submitted by the Government to your authorized Canon dealer on the last day of each month, who will then forward it to CANON U.S.A., INC. In the event that the meter readings are not received by the 10th of the following month, CANON U.S.A., INC. will bill the Government the monthly minimum charge for that month. The following month, upon receipt of the meter readings, the Government will be billed the monthly minimum for the current month and the excess copy charge for both months. If the Government does not submit a meter reading, Canon reserves the right to estimate the maintenance billing for that month.

8. Obligation of Maintenance Funds

Canon is not responsible for the monitoring of Government machine usage to insure that the billings do not exceed the dollar amounts indicated on the purchase orders. As a result, the amount of funds shown on the purchase order shall not be binding on Canon.

9. Relocation of Equipment

Refer to the Relocation of Equipment terms in the Customer Information section.

10. Other

A. Should the Government desire to continue under a Maintenance Agreement beyond five (5) years, the copier will be subject to reconditioning at the Government's expense.

B. Maintenance Agreements will not be available in a mobile environment such as ships, mobile vans and aircraft; however, service will be available within the geographic scope of the contract on an Open Market basis.

TERMS AND CONDITIONS FOR CANON MAINTENANCE-CONTINUED

SIN 811212SA Maintenance Service Agreement for Office Equipment

C. Canon may grant a credit to the Government for any machine, which fails to perform at an effectiveness level of 90% during any month. The effectiveness level for a machine is computed by dividing the total productive time by the sum of that time plus machine failure downtime. The credit shall be a percentage amount of the fixed monthly maintenance charge, which is determined by subtracting the actual percentage of effectiveness level attained during the month from 90. (Examples: If the effectiveness level for a machine is 87% for the month, the credit would be 3% of the fixed monthly maintenance charge; if the effectiveness level is 90%, there is no credit due under this provision).

TERMS AND CONDITIONS FOR CANON FLAT RATE MAINTENANCE

SIN 333316F Flat Rate Monthly Fee for Copiers

The Canon GSA Flat Rate Monthly Pricing Plan is developed from a combination of SIN 532420LC Operating Lease (premier value lease) and SIN 811212SA for Maintenance and Supplies. The SIN 333316F may only be used for federal agency copier requirements of a minimum of 25 copiers or more. The monthly equipment pricing is based on the GSA equipment purchase price multiplied by the prevailing premier value rate factor for the appropriate lease term of placement at the time of the order.

1. Volume Ranges

Under Canon's proposed Flat Rate Plan, the customer's historical monthly copy volume ranges should not exceed those as detailed below unless stipulated otherwise in writing in the customer requirements and agreed upon in writing by Canon.

Volume Band	Monthly Copy Volume Range	Maximum Monthly Volume
1	1-5,000	5,000
2	5,001-15,000	15,000
3	15,001-30,000	30,000
4	30,001-50,000	50,000
5	50,001-80,000	80,000
6	80,001-100,000	100,000
7	100,001-120,000	120,000
8	120,001-150,000	150,000

TERMS AND CONDITIONS FOR CANON FLAT RATE MAINTENANCE-CONTINUED

SIN 333316F Flat Rate Monthly Fee for Copiers

2. Flat Rate Monthly Price Calculation

Flat Rate Monthly Pricing will be calculated using a combination of the monthly price calculation for SIN 532420LC Operating Lease (premier value lease) and SIN 811212SA for Maintenance and Supplies. Below is an example:

		Lease term Rates SIN 532420LTOP)	Toner Inclusive Maintenance Rates (SIN 811212SA)		
Item Description	**GSA Level I Price**	**60 Month FMV Lease Rate**	**Monthly Maintenance Base Charge**	**Black Per Image Charge**	**Color Per Image Charge**
"Copier A"	$6,559	0.02	$0	$0.0086	$0.0474

Assuming the FMV lease rate for a 60 month operating lease is .02 and the GSA contract purchase price of the copier equipment selected is $6,559, the calculation would be as follows:

	GSA Level I Price	**60 Month FMV Lease Rate**	**Price x Lease Rate**
Equipment Base Price	$6,559	0.02	**$131.18** (1)

Under Canon's proposal, Service and supply pricing is determined by the published GSA SIN 51-57 supply inclusive cost per copy. The published supply inclusive CPC would be will be multiplied by the appropriate maximum monthly volume (i.e. 5,000, 15,000, 30,000 etc.)

	Per Image Charge	**Maximum Volume**	**Image Charge x Max Vol**
Color Copies Main. & Supplies	$0.0474	5,000	**$237.00** (2)
B&W Main. & Supplies	$0.0086	15,000	**$129.00** (3)

These calculations are then added together to determine the Total Flat Rate Price.

Total Flat Rate Price (1) **+** (2) **+** (3) **=** **$497.18**

The Flat Rate Monthly Fee is based on the designated maximum monthly volume range applicable to the copier being used. Canon USA reserves the right to review and adjust volume bands every six months.

3. All Terms and Conditions of leasing and maintenance SINs will apply**.**

Uniflow Scanning- Additional Scan Workflows					
Additional Scan Workflow License	3575B485AA	SCAN_WF_LIC	$898		This license allows scanning to a Scan-to-DMS/ECM destination, such as HP Worksite, FileNet, Content Server, and etc. For each DMS/ECM destination, only ONE license is required per system - valid for the main uniFLOW Server and RPS'. The basic Scan Device license or uniFLOW Capture is a prerequisite.

Software Solutions

Item Description	Item #	Model Name	GSA Level I (1-10 Units)	GSA Level II (11+ Units)	Notes:
uniFLOW Scanning Volume Licenses - Only needed for Hot Folder Workflow, or iWSAM Express Integration					
Scan Processing Server Volume Package 200,000 Scans per year	3575B279AA	SCAN_200000	$953		(Needed for Hot Folder Workflow and iWSAM Express Integration only). uniFLOW includes one year Maintenance & Support (Software Assurance) in the basic price of the product. Maintenance & Support (Software Assurance) for uniFLOW is defined by a point system. In addition to the Scan Processing Server license, a Scan Volume Package is required. The scan volume will reset each year, but note that customer does NOT NEED to pay each year for the Scan Volume license. The license fee should be paid only once at the time of initial software purchase.
Scan Processing Server Volume Package 600,000 Scans per year	3575B280AA	SCAN_600000	$2,571		
Scan Processing Server Volume Package 1,000,000 Scans per year	3575B281AA	SCAN_1000000	$3,809		
Scan Volume Package Unlimited	3575B282AA	SCAN_VOL_UNL	$47,608		
uniFLOW Scanning Device License for imageFORMULA ScanFront Network Scanners					
Scan Device License for ScanFront & ScanKiosk	3575B518AA	UF_SCANFRONT	$282		For enabling the scan interface on a ScanFront, the uniFLOW Scan Device License for ScanFront is required on each device where scanning will take place.
uniFLOW Desktop Scan Client License	3575B677AA	DT_SCAN_CLIE	$184		A uniFLOW Desktop Scan Client License enables one client application to connect one desktop scanner to one workstation.
Optional Software for all uniFLOW Server Editions					
Blackboard Integration Module	3575B273AA	BB INTEG MOD	$2,267		Canon USA Professional services must be engaged for all Blackboard projects.
uniFLOW File Format Conversion	3575B304AA	FILE FORM CO	$353		uniFLOW includes one year Maintenance & Support (Software Assurance) in the basic price of the product. Maintenance & Support (Software Assurance) for uniFLOW is defined by a point system.
uniFLOW iWSAM Module	3575B484AA	IWSAM-MOD	$518		Allows uniFLOW integration with iWSAM Express.
Optional Software Components for uniFLOW Professional Print Workflow -Available on all uniFLOW Server Editions, except uniFLOW for SMB & uniFLOW Capture					
uniFLOW Job Conversion Instance	3575B132AA	UF JOB CONV	$91		uniFLOW includes one year Maintenance & Support (Software Assurance) in the basic price of the product. Maintenance & Support (Software Assurance) for uniFLOW is defined by a point system. JCIs provide a variety of different functions. JCIs are required to be purchased for each server and/or RPS where the functionality is required. Servers with multiple processors or processor cores can have multiple JCI licenses to improve processing time. Functions provided by JCIs include: Conversion of Postscript jobs to PCL for use with the Universal Driver, page level color analysis of Postscript print jobs for accurate cost calculation, and Conversion of PDF jobs to Postscript.
PCL Job Conversion	3575B413AA	PCL JOB CONV	$953		uniFLOW includes one year Maintenance & Support (Software Assurance) in the basic price of the product. Maintenance & Support (Software Assurance) for uniFLOW is defined by a point system. This module is used to convert PCL to PDF. For example, if due to aspects of size or costs, a print job is re-routed from an office printer to a print room.
Variable Data Printing	3575B414AA	VAR DTA PRNT	$12,427		uniFLOW includes one year Maintenance & Support (Software Assurance) in the basic price of the product. Maintenance & Support (Software Assurance) for uniFLOW is defined by a point system. The VDP module allows corporate print rooms to integrate variable data printing applications into the product offering of their web shop. The module includes 3 licenses, namely the actual VDP license, and the 2 licenses of the FusionPro Software Package (FP Designer and FP Server). It also supports the open standard markup language, PPML (Personalized Print Markup Language). With the help of PPML, all reusable contents of a print job can be marked as such. For an interaction of VDP and PPML, a VDP Enablement Kit needs to be installed on the controller of the print device.
Variable Data Printing - 5 Additional Designer Pack	3575B415AA	VR DTA PRT 5	$202		
uniFLOW Hardware					
microMIND v2 - Includes microMIND Basic - 1, Power Supply - 12 Volt, and Ethernet Cable - 2M					
microMIND v2, 1 Unit	3575B349AA	MICMND V2 1U	$164		Prices are stated per single unit.
MiCard PLUS - Supports 35 different card frequencies					
MiCard PLUS SC	3575B504AA	MCRDPL_SC	$154		MiCard PLUS supports 35 different proximity cards types. Please check ISG Central for a complete list of supported card frequencies
MiCard PLUS-2 SC V2	3575B624AA	MCRDPL_2_V2	$199		MiCard PLUS supports 35 different card frequencies.
MiCard v2 HID PROX - Supports the HID Proximity card frequency					
MiCard v2 HID PROX SC - 10-24 Readers	3575B499AA	MCRDV2HID2_S	$177		Prices are stated per single reader.
MiCard v2 HID PROX SC - 25-49 Readers	3575B500AA	MCRDV2HID3_S	$169		Prices are stated per single reader.
MiCard v2 HID PROX SC - 50-99 Readers	3575B501AA	MCRDV2HID4_S	$154		Prices are stated per single reader.
MiCard v2 HID PROX SC - 100-249 Readers	3575B502AA	MCRDV2HID5_S	$147		Prices are stated per single reader.
MiCard v2 HID PROX SC - 250+ Readers	3575B503AA	MCRDV2HID6_S	$141		Prices are stated per single reader.
MiCard v3 Multi - Supports Legic, MIFARE, Felica, iCLASS, ISO 14443A/B, ISG 15693,and NearField Communication (NFC) card frequencies

IRISPowerscan Software Upgrade					

Software Solutions

Item Description	Item #	Model Name	GSA Level I (1-10 Units)	GSA Level II (11+ Units)	Notes:
License Upgrade - 1 Point	2692C064AA	UPGRADE UNIT	$1		Upgrading from IRISPowerscan edition to a higher edition, is done by calculating the difference between the MSRP of existing license and new license, adding 10%, to get the number of License Upgrade Points For example: to upgrade 2692C006AA IRISPowerscan 10 SMB PRO Edition (MSRP $1,157) to 2692C008AA IRISPowerscan 10 Business PRO Edition (MSRP $5,564), the difference is $4407, and it requires 4848 Upgrade Points. Please contact IRIS if coterminous for the Maintenance and Support is desired.
IRISPowerscan Software Assurance					
Software Assurance - 1 Point	2692C052AA	IRIS MAINTEN	$1		IRISPowerscan does NOT include Maintenance & Support (Software Assurance - SA Points) in the base price of the products. Software Assurance is required for all purchase orders. Number of SA Points for 1 year of Software Assurance is equal to 18% of the MSRP of its corresponding item. For example, the MSRP of IRISPowerscan 10 Business PRO Edition is $5564. Then it requires 1002 SA Points for One Year annual Software Assurance. For purchases of SA Points, the Customer Information and IRISPowerscan Edition are required.

Device Models Supporting CAC/PIV

The chart below represents the Canon devices which are capable of supporting Canon's CAC/PIV authentication solutions. The CAC/PIV solutions are supported by Canon's MEAP (Multifunctional Embedded Application Platform) which allows for these solutions to reside on the device itself. For more information on our CAC/PIV solutions, please refer to the above section.

Professional Services				
Acquisition Plans: Purchase Only.				
SIN 541611MPS				
Solution Consultant	3340B010AA	SOLUTION CON	$189	The Canon Solution Consultant has a skill set comprised of both technical and business expertise. This individual supports the needs analysis as well as implementation activities as it relates to demonstrations, design and architecture of a customer solution. The Solution Consultant works closely with the sales team and the Project Manager to detail customer requirements and proposed solution components. Solution Consultants have high experience levels with a vast array of products and provide recommendations on best practices and solutions to fulfill customer needs. This individual typically has multiple industry certifications supporting their skill set. Many of Canon's Solutions Consultants retain certifications including MC-ITP, MCSE, Net+ Security+, CCNA, CDIA+. Canon Solution Consultant resources tend to have 10+ years of industry experience.
Project Manager	3340B009AA	PROJECT MGR	$189	The Canon Project Manager typically becomes engaged in a project after the customer's requirements have been appropriately matched with a solution. This individual may also assist in the sales cycle if deemed appropriate. The Project Manager coordinates all activities and resources for a project, maintaining accurate records of schedule, milestones, budget, tasks and is responsible for communication with all project team members as well as stakeholders. Project Managers are proactive and highly organized while focusing on all project details. The Canon Project Manager has a high degree of experience with analysis techniques to assess customer requirements. The Project Manager leads the overall project from inception, throughout the project life cycle and on to transition to support. Canon's Project Managers retain certifications including PMP, Project+, CDIA+, BPMp, Six Sigma and ITIL. Canon Project Management resources tend to have 10+ years of industry experience.
Onsite Facility Manager	3340B017AA	ONSITE FACIL	$60	The Canon Onsite Facility Manager coordinates activities under the MDS agreement. Services may include but are not limited to: Fleet Optimization, coordination with Canon Professional Services for required solution add-ons / adjustments, scheduled meetings to discuss device usage reporting and device up time, as well as managing Service Level Agreements. Canon's Onsite Facility Managers typically retain certifications including CFM, FMP and Six Sigma. Certifications and experience requirements will be based upon specific customer business needs. Canon Onsite Facility Managers tend to have 5+ years of service related industry experience with a Bachelors degree or equivalent work experience. They will also have experience overseeing staff, status report generation and procedure management.

Professional Services

Item Description	Item #	Model Name	GSA Price Per Hour	Notes:
Operations Support	3340B016AA	OPERATION SU	$41	The Canon Operation Support individual typically provides on-site support activities ranging from proactive device maintenance through device troubleshooting and problem resolution. Other activities may include meter read capture and reporting as well as other data gathering activity. This individual may also perform staff augmentation services depending upon client needs. Required services will be documented in the Statement of Work and the appropriate resources will be provided. Once these individuals make it through Canon's extensive screening and hiring processes, they will be required to complete mandatory Canon employee training as well as customer site-specific training that will vary based on the services provided. Certifications and experience requirements will be based upon specific customer business needs. While the specific skill set may vary depending upon the support to be provided, Canon Operations Support Personnel tend to have 3+ years of industry experience in a customer service and/or operations environment with a high school diploma or equivalent.
Production Professional Services	3340B051AA	PROD PS	$202	Services associated with integrating technology and processes within a production print environment including specific target areas as color standards, digital/offset integration, data transformation, color management, variable data printing and web-to-print.

imageRUNNER ADVANCE

SECURITY PROFILE SHEET

Canon's imageRUNNER® ADVANCE Series of multifunction devices offers a wide variety of standard and optional security features, which can help users protect documents and limit access to data.

Device Security Features*

Canon imageRUNNER ADVANCE systems include a number of authentication options to help ensure that only approved users access the device and its functions. To facilitate device user authentication, customers can use a standard, device-based authentication method or an optional, card-based method (embedded or server-based). For federal government agencies, Canon provides optional CAC/PIV card authentication for device access and document distribution.

Universal Login Manager is a server-less solution for imageRUNNER ADVANCE devices, offering simple log-in and usage tracking functionalities. It delivers convenient user authentication and allows organizations a way to manage access and costs by controlling individual users' access and usage.

When a document is copied, scanned, printed, or faxed, image data resides on the hard drive of the device. For advanced Hard Disk Drive (HDD) security during active device usage, available features include *HDD Data Erase*, *HDD Data Encryption*, *HDD Lock*, and *HDD Data Erase Scheduler MEAP*. At the time the device is removed or at end of life (EOL), Canon offers a standard *HDD Format (9x overwrite)* feature that overwrites data stored on the hard disk with null data. There's also a *Removable HD Kit* that allows for physical removal of the hard disk.

Document Security Features*

Canon offers several ways to help limit access to documents generated and managed by Canon hardware and software technologies. Canon offers solutions including Secure Print secured and Follow-me printing, document password protection, encryption features, document rights management, and destination restrictions.

Network Security Features*

Standard network security features include the ability to set up the device to permit only authorized users and groups to access and print to the device. This helps limit device communications to designated IP/MAC addresses and controls the availability of individual network protocols and ports.

Canon imageRUNNER ADVANCE systems offer IPSec is a protocol for facilitating the security of IP packets sent and received over an IP network by helping to protect from threats such as theft, modification, and impersonation.

* Depending on the model, some features are within the standard feature-set of the device, while others require additional accessories. Please see page two of this document or contact your local Canon Authorized Dealer for more information.

Canon and the Environment

www.usa.canon.com/environment

Protecting the Environment

Canon is guided by the philosophy of *Kyosei*–all people, regardless of race, religion, or culture, harmoniously living and working together into the future. As a world-class leader in imaging technologies, Canon is dedicated to protecting and preserving valuable environmental resources. To meet this commitment, it has put in place one of the world's largest Environmental Management Systems and has earned ISO-14001 certification. At each stage of the product life cycle–produce, use, and recycle–Canon assesses the amount of CO_2 emitted and strives to reduce it, always seeking ways to conserve energy and resources, and reduce hazardous substances.

Product Usage

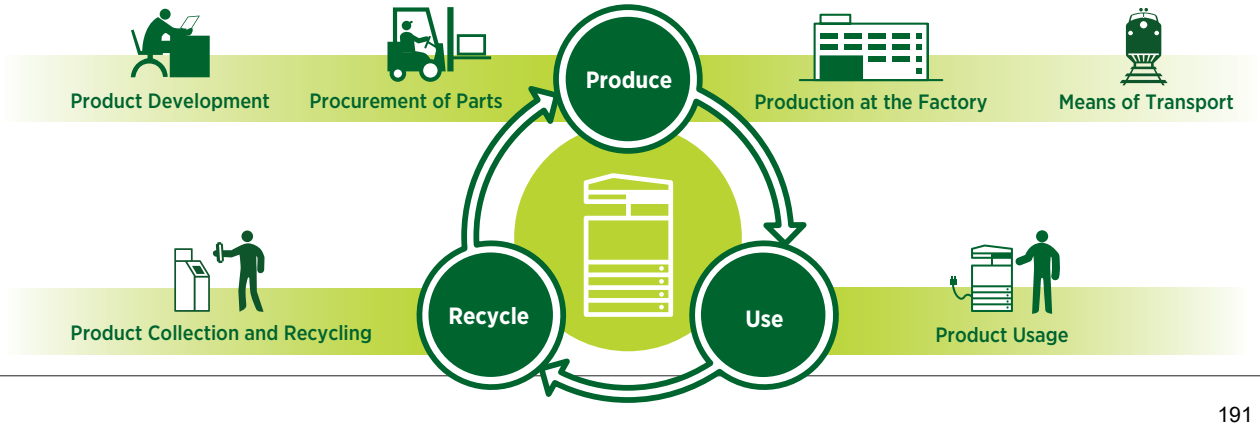
When a Canon device reaches your workplace, you'll value the features that help save energy, paper, and toner. Canon has developed innovative technologies that make its business products highly energy efficient while delivering great performance. For example, its RAPID Fusing System technology reduces power consumption of digital multifunction devices by up to 80% over previous models without this technology. Canon is a recipient of the United States Environmental Protection Agency's 2010 ENERGY STAR® "Partner of the Year" Award and has been recognized for its sustainability practices. Canon devices also support a full range of features that help reduce paper usage and toner consumption.

Care from Start to Finish

Starting with product development, all suppliers are required to meet Canon's stringent Green Procurement policy and environmental terms. This helps the company exceed the toughest global standards for restricting or eliminating hazardous chemical substances from its products. Canon's state-of-the-art technology is engineered into lighter, compact body designs that use fewer materials and save space, thereby reducing the amount of packaging and fuel required for transport. And to further reduce CO_2 and other greenhouse gas emissions when delivering products nationwide, Canon partners with the U.S. EPA in the SmartWay Transport program.

Product Collection and Recycling

When Canon's business products have completed their full service life, they're effectively collected and remanufactured whenever possible. Canon pioneered the collection of used toner cartridges in 1990 and its recycling program is still going strong today. Canon's innovative green technologies also include bio-based plastic, a plant-derived compound that replaces certain petroleum-based plastic parts. Canon believes in living and working together into the future. It's committed to bringing you advanced technologies that run your business while respecting the global environment.



With the imageRUNNER ADVANCE Series, Canon has developed leading-edge technologies with a stronger environmental focus at every stage of the product lifecycle.

Canon's Lifecycle Assessment System (LCA) seeks to control carbon emissions at each lifecycle stage. The result? **An overall CO_2 target reduction of 30%** over previous models**. This equates to approximately 1.33 tons of carbon per year, per device.**

- In order to reduce dependence on petroleum-based materials, Canon uses **100% recycled plastics and bio-based plastics** on certain exterior parts.
- Smaller and lighter design helps improve transportation efficiency. As a result, carbon emissions per transporter vehicle can be **reduced by 20%.**
- Power consumption in Sleep Mode has been **reduced to 1W–or less**!*
- ENERGY STAR: Savings in power consumption during a one-week period has been **reduced by up to 75%!**

By utilizing White LED array technology in its Color Image Reader vs. a traditional Xenon tube, **power consumption is reduced by 75%**!

- By utilizing Canon Image Sensor technology over traditional CCD sensors, **power consumption is reduced by up to 50%**!
- Using Advanced Color RAPID Fusing and new Induction Heating (IH) technologies **reduces power consumption and limits the warm-up period.**
- New pQ Toner reduces fusing temperature by up to 36 degrees!
- Toner bottle weight has been **reduced by 40%**! Toner bottle packaging weight has been **reduced by 7%**!

Each system is equipped with paper-, toner-, and energy-saving features that **cut costs and conserve resources**.

- Long-life parts and higher-yielding supplies help **maximize uptime and reduce the amount of materials** consumed during the product life cycle.
- The EU's Restriction of Hazardous Substances (RoHS) directive controls or restricts six hazardous chemical substances. Canon's own internal directive controls or **restricts 24 hazardous chemical substances**!

* 1.5W or less with imageRUNNER ADVANCE PRO 9000 Series.

Canon

Universal Design

Professional success in today's workplace requires that technology be easily accessed by everyone, including those with disabilities. That's why Canon has taken the lead in developing new solutions that help simplify the use of office products for all, regardless of ability.

For more than 30 years, Canon has been addressing accessability needs for people with disabilities and the senior workforce. The company's latest solutions were built on this foundation, so that everyone could benefit from Canon technology and all it offers.

Providing Accessible Solutions

Voice Guidance/Operation Kits

With Canon's Voice Operation Kit you can control Canon imageRUNNER® devices and input commands with your voice. The kit features a speaker–with headphone jack option for privacy–and a flexible microphone. Like the Voice Operation Kit, Canon's Voice Guidance Kit features a software-driven speaker attached to the side of the device. This enables users to control the device by means of speech.

Through simplified tactile input, users can receive audio confirmation when operating the machine. The voice type, volume, and speed are adjustable based on the user's preference.

Reversed Display for Control Panel

The user-friendly control panel provides an adjustable reversed display for users with visual impairment. The text and background of the display can be reversed from the standard to white text on a black background. The adjustable display contrast provides additional clarity for users with visual impairment.

Remote User Interface

The Remote User Interface (UI) enables users to view settings including device status, toner levels, paper levels, and operate copy functions from their PC screens This utility can be used with magnification and screen-reading software, making it convenient for users with visual impairment, blindness, or those using wheelchairs.

Remote Operator's Software Kit

The Remote Operator's Software Kit provides alternative access for people operating imageRUNNER devices. Users can operate system functions from a laptop or desktop personal computer using this software, which emulates the imageRUNNER control panel. All control panel functions, including copy, print, fax, scan, and send are available from the touch-screen, including access to the hard keys. The Remote Operator's Software Kit was designed to assist persons with mobility or dexterity impairments.

User-friendly Control Panel Design

Canon imageRUNNER devices feature a consistent, user-friendly interface that's designed to quickly guide users through all device functions. Concave Numeric Keys, #5 Key Indicator, and optional Braille Label Kits (transparent labels that affix to the hard keys) provide visually impaired users with improved access and the ability to input information.

Certain models offer control panels that can tilt or pan for better viewing angles, easy input, and visibility for users requiring access via wheelchairs.

The number of buttons on the user interface touch-screen can be reduced in order to make the remaining ones larger, thereby making them easier to see and locate quickly.

Access Within Reach

Users who operate devices from a seated position often experience difficulty reaching a fully raised document feeder. The optional ADF Access Handle has been designed to enable a person in a wheelchair to easily close the feeder from the upright position.

Canon has also improved access to paper and toner supply areas. On certain models, user can open the paper drawers with the touch of a button, and easily slide the paper guides, enabling the device to automatically detect the paper-size. Toner doors open instinctively during the toner replacement process. Additionally, toner bottles are designed to be lighter and easy to replace so most users can do it with one hand.

Section 508 Compliance

Canon works hard to ensure that its products meet the Section 508 Compliance standards.

Effective June 25, 2001, Section 508 of the Rehabilitation Act mandates that Electronic and Information Technology (E&IT) products and services developed, procured, maintained, or used by the Federal Government allow Federal employees and members of the public with disabilities to have access to, and use of, Federal information data that's comparable to the access and use available to non-disabled Federal employees and members of the public.
